Attached with this filing is Mt. Carmel Public Utility Co.'s monthly electric report in compliance with 220 ILCS 5/8-201.10(b) for the month of September, 2022.

This compliance report does not include low-income residential customer data.

If certain metrics do not apply to Mt. Carmel Public Utility Co. and the value of zero (0) has been entered, indicate below those metric numbers and explain why they are not applicable:

Values of zero are entered for the low-income fields because MCPU has elected not to report them per above, and values of zero in other metrics are because the number for that metric is zero at the time of the report.
